

TESTIMONIES FROM AROUND THE WORLD

Shalom my precious and wonderful bro Esher, (from Kuala Lumpur, Malaysia)

It's so wonderful to hear from you so quickly. I would appreciate if you could send both the Messianic and Christian versions to me. It'll be a great blessing if you can send the book to me. The writings have so greatly stirred my heart for our Beloved Bridegroom Yeshua and I believe that it'll set all those in my ministry ablaze with His Fiery, Passionate Love as we prepare and await His soon coming! This I believe would be a very timely gift from Yeshua to His Beloved Bride! A very huge THANK YOU for obeying the prompting of Ruach HaKodesh in writing this book. It's A REAL GEM for the Kingdom of God! Also please send me the Microsoft Word files of each chapter as an attachment. Judah

Dear Esher,

I ordered myself a copy of this study over 4 years ago. It has ministered to me every time I have picked it up. I just keep starting it over and I grasp a new insight of Gods love for me every time. Thank you for writing this in depth study.

As I started reading mine from the beginning again, the Lord keeps showing me so many women who need to know the love of the Lord the way this study so clearly explains it.

In Him, Charlene

Dear brother Esher,

Thank you so much for the priceless gift of the devotional you sent me. Wow! They are so rich and so full of life and truth with teaching in the Word of the Lord. You are truly an amazing, humble, and anointed man. I cried through the teaching on the worm. It made me feel an even greater capacity of gratefulness for what the Lord Jesus has done thru the choice of His love toward the Father and to me. God has been speaking to me of the healing He is doing and will continue to do in bringing me into the intimacy He desires with His children.

So, Esher, how did you get so full and become so strong (I WROTE HER BACK ABOUT HOW GOD USES WEAKNESS AND THAT IS WHY HE USED ME), if you don't mind me asking. I have been lifting you before the Lord and am praying your ministry goes well. Please tell me brother how I may continue to pray for you.

Your book is such a labor of love. I noticed you did not have it published by a company and so I know it was not for fame and fortune that you poured your heart and soul into this. You are a gift from heaven and I am sure the heart of the Lord smiles down upon you. Sharon
Shalom Esher – in the name of the Beloved...

Your Song of Solomon devotional has affected my life so deeply- words cannot say. Thank you – for putting your years of time with Him on paper – so those of us who long to peer into His heart more deeply have access to the revelation He has given you, and in turn us! Hallelujah!
Esher, my name is Brandy and through the S of S my walk with Him has been transformed, and continues to be. No other book has affected me the way this gift has.

Thank you so, so much dear brother and may the Lord continue to bless you more and more in the reality of His unfailing love, Shalom in Y'shua, *Brandy*

From a missionary to Liberia:

Dear Esher,

There is no doubt when I began reading the devotional I knew you did not write it, the Holy Spirit moved your pen. It clearly is the Lord's doing! Praise God!

In His love, Shannah

Dear Esher

Just wanted to give you an update:

"My life has totally changed. I have had more people ask what is happening in my life. I tell them that I fell in love with Jesus again. It is changing people's lives. I just wanted to pass on the reports. Already 5 people that I know are reading this devotional. My daughter has even requested a copy for herself, and she is only 12 years old." We are so excited."

SD

Dear Esher,

If possible please send me 3 copies of SOS commentary. Already I am on my second year through and it has become a real help in realizing the length and depth and height of the Love of Jesus for me. I do want everyone who is ready to have a copy. I have shared copies with many ladies it has become an awesome treasure and many are going over the commentary again and again.

Thank you so much for the labor of love in the devotional. To think of all the souls touched by this is overwhelming to me. I am praising the Lord Jesus Christ for His goodness. Truly you are a great Blessing sent from God for preparation of the Bride, may we all be ready.

In Christ, Marjorie, Thank You

Dear brother,

I thank God for your obedience to publish the commentary of the Song of Songs. In the past two years I have meditated through the book one time a year. I believe I will continue to do so this every year. There is so much to "sow" into one's spirit.

Thank you and God bless, Mildred

Dear Esher,

We are still savoring your devotional, it has changed my life. My friend, who has been a servant of God for 78 years, FINALLY, because of the devotional, truly feels the love of our Bridegroom. It has been a wonderful journey and we continue on the path as lillies together. We have taken to calling ourselves "sister-brides".

Along side of you, worshipping our King, Terry

Praise Yahashua brother Esher,

I bless the Lord Jesus for you. Thank you so much for sending me the devotional book . In all my entire life I have never known how much the Lord loves me until I read the book. I now know that He Loves me more than I can ever think or imagine. Yes, I did consider myself unworthy of Him for the sins I had committed before meeting my Lord and Savior. Thank you so much my brother for helping me to realize how much our Lord loves us. Thank you for teaching me how to pray to Him through the prayers in your book. Thank you for helping me to understand the Song of Songs. May God Almighty our great rewarder bless you. Shalom.

Ann from Kenya

Dear Esher,

This morning I spent nearly three hours in the section about the WORM!!! I'm still in a state of RAPTURE!!!! It is a good thing someone didn't come to the door, because I was laughing, crying, praising the LORD quite loudly. My sanity would surely have been questioned. I haven't words sufficient to express the thrill of the Lord's Love that thrilled my soul.

Thank you for following the Lord,

Judy

Shalom Esher,

Dear Esher,

Please send me the free Song of Solomon devotional. Saw one at my hairdressers today, she was given it by a friend and commented that this was exactly what she had been looking for. She is going through it very, very slowly and it is such a blessing to her.

Thank you,

Doris

Dear Esher,

I know that this devotional reveals what it is to have an intimacy and a relationship without shame with the Lord. In times of trouble, I know that secret place with the Lord becomes as precious as pearls. So I'm really thankful for what your devotional has done in my life and is about to do in theirs.

Thank you Esher.

Katherine

Dear Esher,

I am so thankful and grateful for you writing this devotional. I am on page 47 and it is just incredible like reading a love letter from the Lord. His presence is amazing and wonderful I plan on reading this devotional again and again I don't want to miss anything.

Many Blessings to you,

Nora

Greetings Esher Shoshannah,

The devotional commentary of the Song of Songs has overwhelmed me with the love of the Lord! It is as though I want everyone to experience this great adventure you have set before us by the Holy Spirit. There are ladies from a bible study on the Song of Songs that I have shared this devotional with who have studied and taught it. However, know that by far this is the most exclusive study with the Word of God they have ever experienced. Thank you for being so willing to share this treasure so freely.

In His Name as His Bride,

Marjorie

Dear Esher,

I have been going through the study for over 2 months now putting at least 4 hours a week into reading, praying, looking up the scripture references. It is so rich, I can at times only consume a paragraph or two at a time before I am overwhelmed with fullness.

I borrowed a copy of this study from a local gathering of God's people called the "torah class". I have taken pages and pages of notes, but I do not think I can actually part with this copy. It is like a love letter. I know the Lord is not done revealing Himself to me. I would like to return a new copy to them.

I wish I could open my heart to show you where I have been, where I am at, and where the Lord is taking me with this study. My walk has been a life journey and this has so helped bring all I have learned and know of Jesus into such balance. I knew the Spirit filled life was not one of ease, that the enemy is always looking for a way to devour me and my witness. I am militant by nature so this was easily accepted by me as I persevered through difficulties and trials. The Lord has now shown me that yes endurance, courage and strength are necessary but if I do not balance all of that effort with His love I have missed the most beautiful part of the walk of a Christ follower.

It has been like a honeymoon! I get up early in the morning and race through the "have to do's" so I can get to my secret place to study! I can only imagine the personal battles you must have had to fight to receive this kind of revelation. For I know the Lord does not give this kind of gift to just anyone.

I hope you can see my heart in all of this and it doesn't just sound like a bunch of "Christian catch phrases" that people use....If I paid you what it was worth I would have to mortgage the house! Ha!

Thank you again for sharing this beautiful gift,
Carolyn

Dearest Brother Esher,

I am overwhelmed with the magnitude of the Song of Solomon study that you so graciously sent to me free of charge. I really cannot find the words to tell you how it has impacted me. The timing of the Lord bringing this study to me was absolute perfection. I am halfway through the study, and I started in the middle of September. I just don't want it to ever end!! This devotional on the Song of Solomon is the most intense and life-changing study.

Much love and blessings to you my brother in Christ! Stacy

From England,

Dear Esher,

It is the most blessed exposition of the Song of Songs I have ever read. That includes Hudson Taylor, 'Rev' Ian Paisley and Jesse Penn Lewis. It is almost overwhelming. I am having to take it very slowly and can hardly believe you are saying and believing all that God has revealed to myself too over recent years. A truly wonderful breath of fresh air. In Christ,

Peter

Dear Esher,

I wanted to share some exciting news. For a while now my husband and I have been on two different pages spiritually. It's been my prayer that we could become more united to God together and that His eyes would be open to God. I wanted him to find what I had found. God is so faithful.

During some of his time "off" of work he's been thinking about our relationship and decided that we need to work on improving it. He initiated a fast to do together, daily devotions and prayer time, and a minimum of 2 hours together with just us...no TV, music, etc. I've been praying he would be the spiritual leader of our house and God has done a number on his heart!!

He chose Song of Solomon commentary and it is not the devotional he thought it was. But he is LOVING it! God is using it to teach him new concepts (like surrender) that he's never known before. He's hearing words in a whole new way. I can see him falling in LOVE with our Bridegroom! I can see some great changes in him. When we read the section about the little foxes he was convicted about cussing and has made an amazing effort to change that. When we read the part about the Mountain of Myrrh we had an amazing time of prayer. Our eyes were opened and we were....convicted, amazed....words can't quite explain.

Thank you for being faithful and writing the words the Holy Spirit has shared with you! Praise God for the way He makes us new!

Tatiana

Dear Esher

We had a Pastor visit recently who shared how much the book had so impacted His relationship with the Lord. He was giving out the website address & recommending people do the studies. He had downloaded His copy on to an e-pad that someone had gifted to him.

Thanking you & I pray God's deepest blessing over your lives. Marg

Dear Esher, (former championship football player – became praise leader in church)

"I remember the first time I read the devotional, 'I Love You With All My Heart, Always, Jesus', Yeshua's Spirit overwhelmed my soul with His love. I can still remember crying in my room. His Presence was everywhere and all I knew was that I loved Him! I wanted Him to ask me to do some huge task so that I could prove my love for Him, but He didn't. 'Just come with me" is all He desired!"

John

Dear Esher,

This book has changed my life! God BLESS you!! I have some other friends that I want to send this to VERY MUCH!! And THANK you SO much!! The words are SO anointed, as if the Holy Spirit was reading them and impressing them upon my heart all in the same wonderful moment of devotion. I wish every Christian could read this!

In Christ, Elizabeth

God Bless Esher,

I am hoping to do more on sharing my testimonial with others and when I do I am definitely including my experiences of how the Holy Spirit miraculously drew me to read the Song of Solomon and then to this devotional study and the many, many amazing things that happened to me when I read and reread the study—even a vision--Just a beautiful wonderful experience on the journey to God--I am looking forward to an eternity on the journey to God through Christ with my forever friend the Holy Spirit. I would happily promote this blessed devotional study in any way. Truly Him,
Susan

Good morning Esher!

I want to take time to let you know how much the Holy Spirit has spoken to me through your devotion guide! I have been hungrily working my way through it since March! I can tell you, I feel the presence of the Holy Spirit as I study and look up each verse!! I have learned a deeper and deeper understanding of who Jesus is and how MUCH He loves and cherishes me! I have such a fervency to serve Him as I have never had before.

I now want to start having study sessions with my three teenage daughters. They have seen the change in me and they are hungry to learn who Jesus is on a more intimate level. Could you possibly send me three more copies of the devotion so they can each have their own copy? Thank you so much!!

God Richly Bless You! Dawna

Dear brother Esher,

Please allow me to say that as I am meditating on your devotional book, it's HIM, beautiful Jesus speaking to my heart, I did not hear any of a human voice in them. You have lifted HIM so high it's HIM all I see! You have emptied yourself. It's HIM speaking directly to my heart, no bypass, no byway, but simply a direct line! I am not a writer I do not have an adequate word to describe what I am experiencing. I just want to THANK YOU, THANK YOU, AND THANK YOU!!!!
All my love to you in Christ!!! Grace

Dear Esher,

Thank you so much for this wonderful devotional! I have been blessed beyond measure! I have been spending time with the Lover of my soul like I have never done before. or even knew I could. I have been a Christian for over 25 years and have always spent time in discipleship classes and personal studies. I have continually tried to put into practice what I have learned. This devotional is far more than what I expected. I have been taken to the most intimate relationship with my Lord! It has given me confidence to really know who I am in Christ. Thank you and God bless you, Linda

Dear Esher, (South East Asia)

In past few days I was eagerly looking for the insight of Song of Solomon as I could not understand what is the meaning of all of verses in the book. So I began to search it in internet and found your web page. When I read it at glance, my heart was beating, I knew this will change my understanding of Jesus Christ and His love to me ever!

At the next day after I read it, I shared it to my closed friends in a joyful spirit. But when I told them that the book is in English, they did not know what to do since they could not understand English well. At this moment, I would like to ask your permission, if I could translate it to Indonesian (Bahasa), so I can share this to my friends in Indonesia.

Again, I would like thank you for being a way for me to understand the deepest desire of Lord Jesus Christ to make me and us to become His bride. My greetings to you.

Gidion

Dear Esher,

Thank you for writing the Song of Songs devotional. I can't express how God has used this to draw me closer to Him and to reassure me of His love for me. Before reading this devotional I really didn't understand how deep His love for me was and is today. I've shared this devotional with several of my friends. May I have 5 more books or is there a limit? I could help with the postage.

Overwhelmed by My Beloved's Love,
Vikki

Hi dear Esher,

I was so blessed to study the book 'I love You with all my heart, always, Jesus' when I read, meditate, and pray with it...my heart overwhelmed by the love of God. I want to introduce His love to my friends. Can you send me more books so I can give to my friends.

Joy

Dear Esher,

I just want to thank you for this book which one of my student's parents gave me. His name is Terence. I have given your contact to many others. I love your work of worship and appreciate it as I read very small portions at a time.

Thank you! I know our God is pleased with this most fragrant offering from you!

Jane

Dear Esher,

As you know, I have been a pastor for 21 years and having come across this devotional online changed my life. I had read many books but never one like this. I have given at least 30 away. Now let me with you another miracle that came through the devotional. I was at a conference meeting and met a Pastor of a large church who was losing his marriage. I told him no matter what begin to fall in love with Jesus, work on deepening his love toward Jesus, so I asked him to read the devotional book the Song of Solomon!

Well... not only did he do that, his wife worked through the book with him! Esher!. It saved their marriage brother! They fell deeper in love with the Lord and as a result they are together, stronger, and in love... with Jesus too! God used the devotional again my dear brother! Jesus saved a marriage!

Four of our ladies just went through the women's version of Tres-Dias and their theme was....wait for it.... "I am my beloved's and my beloved is mine". The commentary came to life for two of my ladies and the other two will receive a copy today... Wow! Wow! God loves you Esher and so do I! Love, Pastor Bobby

My Dear Brother Esher:

I just wanted you to know that I gave The Song of Solomon Devotional to my former Pastor's wife, who has become a widow in this last year. She said that she has never read such a wonderful and anointed study. She really loved doing it, and the Lord met her in so many wonderful ways. Together For His Glory! Your sister in the Lord, Alice

My Dear Brother Esher,

I just want to Praise the Almighty God for your book. I am taking my time and dining with my Beloved Lord and letting Him take control over my being surrendering all to Him. The Lord impressed me to get your Book out and to slowly go through the pages and scriptures and to find that love that only He can give. He is so wonderful to me and I love Him so much. Your Book is a wonderful blessing from the Lord Jesus Christ Only the Holy Spirit could have anointed you to write such a beautiful Love novel of our Lord. Still taking it slowly and enjoying ever moment with the One I Love Jesus. His awesome presence is with me as I study. The bridegroom the One I yearn for so much to come, His love is so strong and tender. I know that God has so much more in store for me to learn and relearn. I'm glad He does not just throw us away, that He can make us new virgins. How awesome is that, I'm almost in tears thinking about how wonderful He is. I want the bridegroom to have complete control over my life. Thanks again for this wonderful commentary (Songs of Solomon) In Jesus name and His name Alone, Geneva

Oh Esher,

Your book is a fruit tree my dear brother. After what I shared with you about feeling like a failure most of my life, I was reading the section in your book about Martha and Mary and then I was praying. The Holy Spirit showed me that I was not a failure to God because thru it all I continued to seek Him and still do. He gave me a vision of a huge eagle over me and I could see myself under the shadow of those big wings protecting me as His word says He will. Your book just continues to be such an instrument of healing in my life that I cannot thank you enough. I feel like the Lord just set me free from some major lie I have been living under. Thank you again my precious brother. I know there is even more good to come!!! Shalom, Sharon

Good morning my brother and my friend,

I must share this with you: We have a young man in our church that is 20 years old but in his mind he is only about 15 maybe 16. He asked for one of your books which we so graciously gave to him.

He is reading this book and is loving every minute of it. What a blessing you have become to our church. We have husbands and wives competing in the homes to see who can get the book first to read it. We think it funny but at the same time what a joy to have them so eager to learn. Thank you so much for your giving. God Bless You my friend....Sis. Kathy

Dear Esher,

...thank you so much for your invaluable treasure to the Body of Christ. Your pure-heartedness and sincerity and passion for Jesus is so profound. The message in your book is so desperately needed by the Church so that she will know who she is...corporately and individually. Intimacy with Jesus is the foundational key to all other knowledge and strategy coming from God. Blessings to you...Deb

Dear brother Shoshannah,

Thank you for sending your Devotional Commentary on the Song of Songs. I have never heard or read a message preached on the Book called "The Song of Solomon." I have read that some scholars question whether it should even be one of the Books of the Bible.

Therefore, I am amazed by the way our Lord has revealed to you His love for the body of believers; His Bride; our Bridegroom! I praise God! You have, via His Holy Spirit made this Song of Songs a sure part of the Word of God understandable. Thank you for sharing it with many of us in how love our Lord Jesus but are ever longing for more of Him. It is a sweet, precious delight as I meditate on the Devotional Commentary and see myself as the very Bride of Christ, my Bridegroom. Sincerely, with thanksgiving, Patrick

Dear Esher

I just want thank you so much for that precious gift .I immediately started to read it and I just finished the book about two days ago...it really changed my life!!! Now I just want start studying it in depth... Thank you for the great work you have done it truly was amazing...Thank you once again, You are a true blessing to the body of Christ And I pray that God will take you deeper and deeper and deeper.

From Glory to Glory, Debbie

Dear Esher,

I wanted to say thank you again for the Song of Solomon devotional you sent to me. I have been enjoying it immensely. I am continually amazed by the overwhelming love the Lord has for us and the endless ways he chooses to reveal Himself to us. Thank you for sharing a bit of your own journey of discovery by way of your thoughts in this devotional. I pray the Lord blesses you as you continue your walk with Him.

Anna

Dear brother Esher,

I received the 2 copies and I am so appreciative for the insight that the Holy Spirit gave you in the writing of this book. It has blessed so many individuals. My pastor gave a message on the Song and I asked him if he wanted to borrow my book. He agreed and I believe he gave 21 messages from the study which has blessed so many that they still ask him for the tapes.

A dear sister friend of mine gave me my book right after my husband Frank after 67 years of marriage which included 2 pastorates passed away. It was difficult to get into the study with the marriage relationship but after some time I was able to get into the study and I was immensely blessed and encouraged.

Now I will renew my study with a sister in the Lord a former parishioner. Praise the Lord for my 91years, saved at 9years old and loving Jesus more today than ever before.

In the Master's Hand, Kay

Dear Esher,

Thank you so much for your testimony!! I am so moved by ministry that reaches the broken hearted!! It was in my broken state that God reached me. I can relate to being a shelter for abused women and dealing with forgiveness & trust. My husband, whom I married shortly after I was saved, was one of my abusers, and we have both been transformed by the healing power of GOD. I was also sexually abused for many years of my childhood by my father. The LORD has been healing the pain and brokenness! He spoke to me one day and said "...Perfect Love casts out all fear..." I began to wonder about the perfect love from a father. Through your study I am learning just what that perfect love is! Thank you so much for obeying the LORD... you are touching many lives!! Continue on in the love of CHRIST advancing HIS kingdom!!

With a grateful heart, April

Hi, dear Esher

I was so blessed to study the book 'I love You with all my heart, always, Jesus' when I read, meditate, and pray with it...my heart overwhelmed by the love of God. I want to introduce His love to my friends. Can you send me more books so I can give to my friends? Joy

Dear Esher,

Could I have 10 booklets. And if you would like to share your other teachings I could print those off myself. You have such a wonderful way of sharing HIS love for us. I know it will help these ladies. (most of them have been chewed up by the world and men and left to dry. They are between the ages of 19 – 30. So love is so crucial to show them. Like I said you have helped me sooooo much. Thank you, thank you, thank you. In much appreciation and gratitude

Carol

Dear Esher, thank you for making my morning devotional time a celebration!!!

I love my God and thank Him for blessing you with talents and abilities that can impact people. AS you can see many people have written to you requesting copies. I will be going to India next month and would like to take about ten copies for various Churches. Should they want more, how should we order them from you? Thank You, Deborah

Esher,

I am currently reading the devotional you have written. It is truly beautiful!!! It has touched me in so many ways. I am adopted and diagnosed with reactive attachment disorder. This meaning I have never been able to truly attach to or love anyone. I came to terms with this about a year ago. I started to go through Christian counseling to help me learn to work with this. It was at that time that I also found Jesus and asked Him into my life. Now just a few months later I find myself working through this beautiful devotional you have written about how our Lord loves us. It has truly opened my eyes. I have experienced love and intimacy with Him in ways I never imagined. He has shown me that I can love and that I can be loved. Every day I can't wait to pick up the devotional to see what He will show me that day.

Thank you so much for sharing this beautiful gift. It has changed my life forever.

Susan

Dear Esher,

Oh you are so gracious, Thank you so much. Oh Esher the lady I gave my book now is so in love with her Lover it's shining out of her, she now dances with Him in worship...Oh my gosh she has been transformed, walking around as one IN LOVE!!

Thank you so much, Glorious Praise, Love, Noa
Esher,

PTL!!! Again, thank you for sending me 8 copies of the Song Of Songs devotional. I have given all but one and as you state in your email, when I got down to one to let you know and you would send me more. I know there are others He wants me to give it to, but I wait for His timing. It's hard to put into words His love for me, His bride, and when I am down, He directs me to this devotional and speaks so intimately to my heart and lifts me up and my faith and trust in Him is refreshed and I am confident once again that His purpose and promises for my life will be fulfilled in His timing. The impact this devotional is doing in the lives of His bride is beyond our comprehension.

I only can speak for myself and am so blessed to sit at His feet and let His love pour over me. What Joy!!!

In Him and for His Glory, Rita

Dear Beloved Esher,

I want to thank you again for the book on Songs of Songs. My life has never been the same since I read " I Love You With All My Heart, Always, Jesus" 3 years ago...I still can't believe how my life has changed since I read your book. I feel so loved by Yeshua.

Sheryl, His Bride

Dear Esher,

This devotional has changed my life and I am not even through with it. It has opened my eyes and my heart to the love Jesus has for me. I feel beautiful once again. His love has transformed me. Thank you so much for this devotional and for being obedient to the Lord. May He bless you more than you can imagine!!

I would like to order 3 copies to share with my Small Group. God has been teaching us how to get into His presence and how to worship Him and this devotional will help others come to know Him and His love as never before. Again, thank you! Diane

Dear Esher,

I received the devotional. Thank you so much. It is as if the Glory of God rest upon and in that book. It gave me as I like to call it "God bumps".

Rachel

Dear Esher,

I read your devotional and was soooo blessed! This book is the book of the hour and as your testimonials read, it is truly a life changing book. God bless you for making something like this available.

Jonna

Dear Esher,

I had ordered the devotional in June and I have been so moved by your devotional, I can only say thank-you, thank-you, and thank-you for your blessing.

Sherry

Dearest Esher,

WOW!!!!!! How can I put into words the readings that I've already gone through. I'm only 1/4 through the devotional and don't it ever to end. I will without doubt read it more than once. I have tried sharing what is in the devotional with Christian friends of mine, but can't do it justice. They all want a part of it and I would love to be able to bless them with it. I don't mean to sound greedy, even though isn't that what we want, to be so greedy for the Lord's sweet love that we would do whatever it takes to get to Him would it be possible to get 3 or 4 more devotionals, or if you can spare more, that would be awesome. I want them all to experience what I am experiencing in this devotional. Thank you for your obedience in sharing this with us. Thank you for your love. Thank you for your prayers.

Yearning for more of Him:

Theresa

Dear Esher,

Thank you so so much for sending me the commentary! I am enjoying it so much and the Lord is speaking through it in incredible ways! Desiree

Hello Esher, (from a missionary)

I can not tell you how your devotional has answered my longing to become a loving bride to Yeshua. I was introduced to your book while at a missionary base in Baja, Mexico. Many of the missionaries talked of a love relationship with Yeshua, the very thing I have longed for but not knowing how to attain. They had an extra copy of the devotional and blessed me with it. I am so blessed!

Could you please send me another copy for my fifteen year old daughter? Thank you for taking the time in writing this much needed book. I'll be recommending this book to all my friends who long for a love relationship with Yeshua.

God bless you, Karen

Dear Esher,

I think I'd would like to share a little something about the Song of Solomon and why I first requested the devotional last year. For years I would always go to 8:6-8 and cry. I don't know why, but I would....I would just ask Him time and time again to help me understand fully what those verses meant. I mean really, really what it meant, because I knew in my heart there was something very special about those verses and I also knew that they held a significant message....a life altering one. I know all of God's Word is to have that purpose, but these verses were different. I searched for studies on the book but nothing was of any help...until I came upon the one that God gave you. During that time I was going through one of the most difficult times in my life....a time of great sorrow, fear and loneliness. Only God knew the depth of pain.

When I came across your website, I couldn't believe my eyes when I read the preview and it was a sample taken from 8:6,7! Even the end of the page ended with a song that was deep within my heart for months. I knew then and there that the Holy Spirit was leading me right into is arms of His Love. I don't want to get into the particulars. No need of that. Jesus is well aware of them but I want you to know that the Lord impacted my life through the work He did through you....and yes, I understand that it was all of Him, for His Glory and Honor, but what privilege to be a part of the body and having the Head move the body to accomplish His will. What a wonderful, glorious Head we have. Jesus, my precious wonderful Jesus. My Lord and Master. He fed me with great words of encouragement and love. I finally understood how jealous over my soul He is and that he wants me for His very own and all of me is meant for Him and Him alone. It was then that I learned that only Jesus is everything I need. Forever in His Love, Cindy D.

PS: You previously sent me 6 copies of this wonderful material. Since that time, our class has grown - praise God we are outgrowing our room and the copy machine is being used quite heavily. All of the newcomers are wanting books of their own and some of the original group that was going to just use copies would now like books as well. Is there any way I could receive at least 5 more books, 10 books would be great. Even many of the men in our church are asking to see the material due to the marvelous changes they are seeing in the women! We are going thru the material slowly - started in July and are only in chapter 4. These women are soaking this up and we are loving being in the presence of our bridegroom in each meeting.

Warm regards,
Cindy D

Cindy wrote again later:

I need 20 copies. I think every person should read this material. I went to church all my life but I never really "got it" - I mean the whole point, the whole purpose - this "first love" love for Christ. It was all backwards - until I read this and experienced the Holy Spirit filling. I want everyone to know! This should be the message each and every church is sending out.

Dear Esher,

I cannot tell you what this deep, rich study on the Song of Solomon is doing "inside" of me. I really cannot convey to you what the Holy Spirit is doing with me. My friend you also sent it to, Sandra Cates, is also having the same experience. God is speaking to her in so many ways. I have two other women that I have been encouraging to study the Song of Solomon. One of them said she has tried and she "doesn't get it", but she wants to! I told her she will! The other lady says she wants a closer walk with the Lord and is wants to go through the devotional. All of these women go to church with me.

So could you send me two for them and two extra for the next ones God lays on my heart. I truly will be glad to pay for them. The revelation in it is priceless! Also thank you for the blessing of "crowns" you sent me!! Thank you & Mega Blessings, Joy

Dear Esher,

I requested a copy of your devotional a while back. I want to thank you so much for it...only in heaven will you know what an impact it has had in my life and others. Only the Lord could have ever put the timing and working of the Holy Spirit together to produce what He was after.....a love for Him...only Him. It is such a work of grace.

Oh how I praise Him for that glorious work that only He alone can do and is so willing to do to in a creature of dust like you or me. Amazing.

I'm hoping that I can receive another copy, as I passed along the one you sent to me. I have a need to reread the devotional again because I can see that this love relationship is an on going one and reading it again would benefit my soul greatly.

Like Pilgrims Progress. You can reread that book again and again and glean things you missed or perhaps weren't in the place to lay hold of in your heart.

Again, I thank God so much for you and I pray that the Lord will bless your soul with Himself more and more. What better blessing could we ever find greater.....then Himself. Love in Christ,
Jesus, Cindy H

Dear Esher,

I am indeed being blessed by this work God has allowed you to do. I have to say, I have to let the material digest I can't just read it through. I am seeing and learning so much of me and seeing it through His eyes. Thank you so much, may God continue to richly bless you. In whatever state I am, therewith be content. This comes with giving thanks in ALL things..... J B

Dear Esher,

I have read your devotional and it has been most impacting upon my relationship with God. I have a small group of women of which I teach and would like to give them each a copy of your devotional. I know it would spark a greater love for God and a more devoted relationship with Him for them. I can only praise God for your obedience to let Him flow through you for such a moving and compassionate interpretation of the S of S. God bless you, Gloria

Dear Esher,

A friend of mine from church told me about the Song of Solomon devotional and let me read a very limited part of the book. After reading the little bit that time would allow I got hooked! She said I could request a free copy of the book online but I couldn't have her copy because she is also hooked on it! I don't know what kind of information you need other than an address, but please let me know. I am very excited to fall deeper in love with the Lord.

God Bless You,

Bradley

Hello in God

I have received one book but would love 3 more for friends at church. I love it; thank you so much for such a great revelation. I have cried and laughed and enjoyed every minute! I can't seem to stop reading each chapter over again. Blessings, Teresa

(This lady had been serving as the Lord for decades. At 65 she got a copy of the devotional 10 years ago and was dramatically changed by her Bridegroom. She is now 78 and more intimately in love with Jesus her Bridegroom than every before. She taught the Song of Solomon devotional to a group of elderly ladies and their lives were changed).

Dear Esher,

This devotional commentary on the Song of Solomon is heart and soul searching. Before I began the study, I had a HEAD knowledge of Jesus' love for me and I for Him. When I was finished with the book, I had a HEART knowledge of Jesus' love for me and I for Him. There are sections in this devotional where I was sure the author was speaking of me. What is printed on some of the pages was exactly me. I could not believe I was reading about myself by some author unknown!

But now God was revealing the truth to me of who I really was. As the author stated, "*So many welcome Jesus into their souls for salvation, but few welcome Jesus into the circumstances of their lives.*" That was me.

I knew very little, if anything, about the fullness of the Holy Spirit until my present pastor came to fill the pulpit in my church. As he continued to preach, I knew something was happening in my life. Something was taking place that I had been looking for and wanted, but didn't know what it was. I was experiencing the filling of the Holy Spirit.

Then my pastor introduced me to this devotional and it has been a life-changing experience. It has made me hunger for His Word and caused me to grow deeper and deeper in love with my Jesus. Not only do I now experience the deep love I have for Jesus, but also the deep sacrificial love He has and had for me.

I have become an obedient, submissive, surrendered believer! I daily go to Him in prayer and totally surrender my life and all that I have and possess to Him for that day. Jesus knew me and my desires and I know who Jesus really is and now who my "first love" is.

Oh what joy it brings to my heart to know that I am bringing Him joy and pleasure as well as He to me! There cannot be a greater reward here on earth. As a result of this study I have become a Holy Spirit filled, fully surrendered believer, a Mary of Bethany.

Dear Esher,

I wanted to email and thank you so much for sending me your devotional on the Song of Solomon. Although I am only on page 30 (I am taking it very slow) it is really just giving me such freedom in knowing how HE loves HIS Bride. No words can describe how beautiful HE truly is...but wow...this devotional is such an incredible blessing to me. Is it true that I can download this and print it out myself? I have a couple of friends that would benefit greatly from reading this!

God BLESS you, your wife and family..... your beautiful heart for our KING is so evident. This needs to be published and in bookstores and churches. Though I was saved much younger, just in the past 9 months or so, I have begun to embark on this first love, love! I heard a woman speak on SOS about 5 years ago and cried through it. I wasn't sure why...but I did! I read SOS with the understanding that I am the Bride and He is the Beloved and it really ministered His love to me....but this devotional, along with looking up all these scriptures you list with your words is really going deep and more understanding is coming. I am so grateful. I will truly never be the same....and the Lord is saying to me...."YOU HAVEN'T SEEN ANYTHING YET!!! ."

Blessings, Michelle

Dear Esher,

I wanted to tell you what a huge blessing the devotional you gave me has been...I've been studying it the last few months, and it really is life-changing. I think when I finish it I'll just start over again. I've never really studied the Song of Solomon before - how much I missed!

Thank you so much! Linda

Dear Esher,

The Holy Spirit spoke to my heart again and again through this Song of Songs commentary: When the Lord Jesus was revealed to me by the Holy Spirit as the Bridegroom, the One who "is Altogether Lovely", I just fell in love with Him all over again as my "first love" love, which led to deeper worship and the renewed "joy of my salvation". The vivid portrayal of the "crucified life" (ex. page 132) has taken me to a greater desire for holiness, and victory over sin; "Would this please my Beloved?" "Place His nail-scarred hand in front of everything." Not lofty thoughts only, but practical presence, power and love of God fills me with the "want to", to please Him alone, to be conformed more and more to His image.

Surrender is pictured throughout this commentary. The "surrendered life" has changed me completely: the Holy Spirit has given me a new love for His Word, for prayer, for praise and worship, a new desire for His presence and fellowship. God gets all the glory.

I love the Praise List, and I use it often. It is a wonderful way to love Him as I praise Him. As this "child" praises his Lord, the enemy's mouth is shut and he flees (Psalm 8:2), and God's loving presence fills me. This occurs with in others to whom I have ministered. One dear lady was suffering with depression. She began to praise the Lord using the Praise List (while studying the devotional on the Song), and I can now tell you that her depression has lifted. Her tears are now tears of joy, and of love for her Lord Jesus. It's for real!

This is the richest commentary on the Song of Solomon I've ever encountered. This commentary will not only give you plenty of nuggets to mull over, but more importantly will lead you into the blessed presence of our Lord Jesus. You will experience His love as never before, and He will be blessed by your "first love" love once again. You know, that first love you lost. As you get filled with joy, His heart will also be filled with joy as you surrender all of your love, worship and will. And then you also will be led out to bless others in His Name. Do not let this pass you by. Get this commentary, for it will bless your life and home, as it has mine.

Thank you Esher,
